

# Welcome to the 2019 *Dinosaurs* Retail Collection from the Natural History Museum, London

Dinosaurs have always offered an eternal fascination for the young and old alike, and the Natural History Museum is making its entire range of exclusive and licensed dinosaur merchandise available to wholesale.

From perennial bestsellers, such as soft toys and models to design-led clothing and our range of best-selling games, the offer will help you to maximise your potential income from the range. All of our dinosaur products are assessed for accuracy by our scientists here at the Museum, and offer an educational element to inspire customers to learn more about the natural world and our place within it.

You can also order from the range of Natural History Museum published dinosaur books, including the *Bumper Dinosaur Activity Book* and *Dippy: the tale of a museum icon*.

To order items, please fill in and return the order form at the end of this brochure. This should be e-mailed to us at:

**[wholesale@nhm.ac.uk](mailto:wholesale@nhm.ac.uk)**

Any queries regarding orders can be sent to the same email address, or you can call **020 7942 5256**.

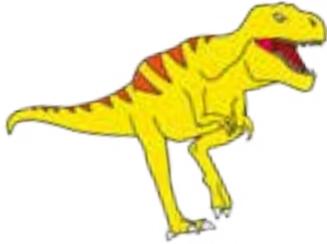

Goods will be despatched within six working weeks of receipt, unless we advise otherwise.

Prices on the order form are exclusive of carriage and VAT, which will be added to your merchandise invoice. Please note that carriage is chargeable at cost, and will vary dependent on the size of the order. We can advise the cost of shipment before despatch if required.

The merchandise is sold on a firmly bought basis, and the Natural History Museum is unable to accept any returns or refund any unsold stock.

## 9780565092214 Dinosaur Sticker Book

This great sticker book gets children drawing, matching shapes and learning how to say some really big words. Meet lots of dinosaurs, big and small, fierce and gentle. Unearth fossil skeletons and help a *T. rex* find its dinner. With 100 re-useable stickers and a pull-out landscape, this is a great first book about dinosaurs.

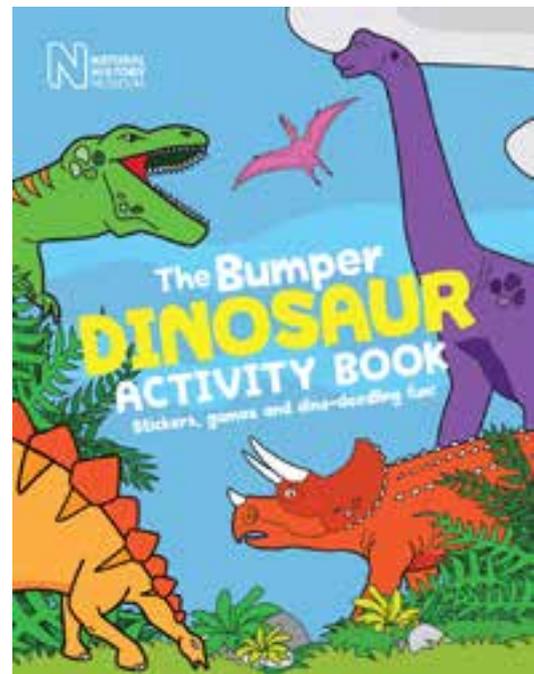

## 9780565092221 Dinosaur Dot-to-Dot

Join time-travelling explorers Mini and Max on a global dot-to-dot adventure. Explore deserts, forests and swamps to find lots of hidden dinosaurs. Count up to 50 while joining the dots and discover gentle giants, hungry hunters and feathered flyers. With bite-size facts and things to look for, count and learn, this is a fun introduction to these fabulous creatures.

## 9780565093075 Dinosaur Colouring Book

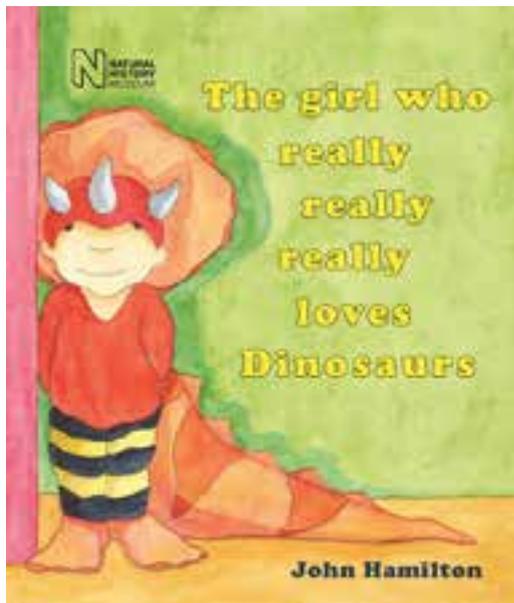

Create your own colourful dinosaurs with this fact-filled activity book which is a fun way of introducing children to these prehistoric predators. It features 15 scenes from the Palaeozoic era which can be coloured in and added to, as well as drawing activities and games including dot-to-dot puzzles and step-by-step instructions on how to draw your own dinosaurs.

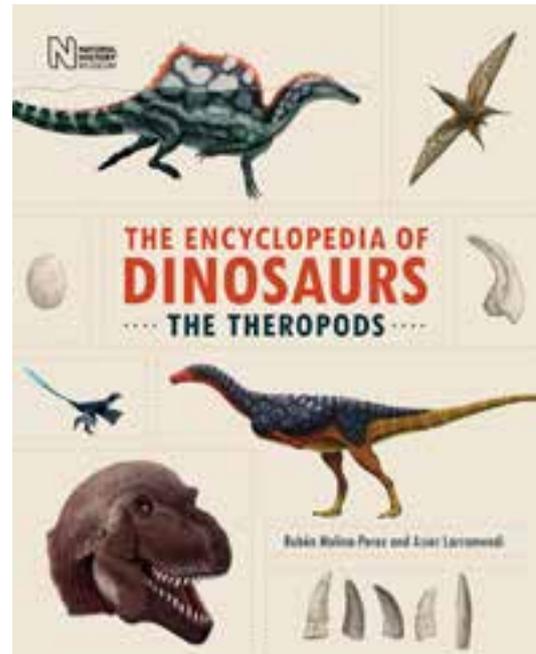

## 9780565094799 The Bumper Dinosaur Activity Book

Inspired and approved by the experts, *The Bumper Dinosaur Activity Book* is bursting with engaging activities for curious young minds. It is crammed with things to colour, make and do, including dot-to-dot games, colouring pages, papier-mâché models, spot-the-difference puzzles, prehistoric mazes and dinosaur trails, as well as lots of brilliant re-useable stickers.

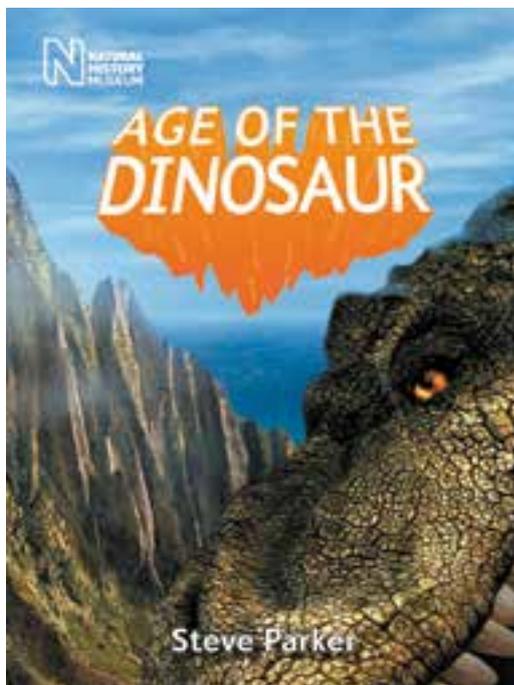

# Books

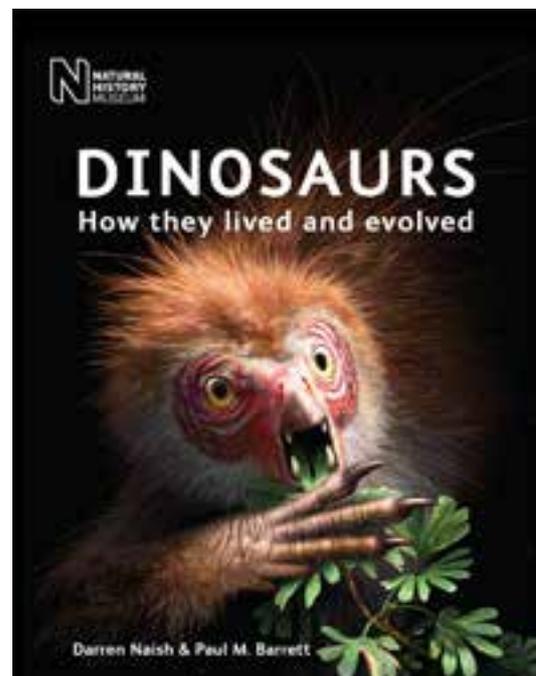

**9780565094591** **The girl who really really really loves Dinosaurs**  
Lara loves dinosaurs. No. Lara is mad about dinosaurs. And she really really really wants one of her own. She goes looking for her very own dinosaur at the Museum, and while things don't work out quite how she expected, she discovers that she really didn't have to go so far from her own home after all.

**9780565094973** **The Encyclopedia of Dinosaurs: The Theropods**  
This stunningly illustrated compendium is packed with everything you could ever wish to know about the iconic theropod dinosaurs such as *T. rex*, *Velociraptor* and many more. It features more than 3,000 records, covers some 750 theropod species, and includes a wealth of illustrations including full-colour reconstructions of famous specimens.

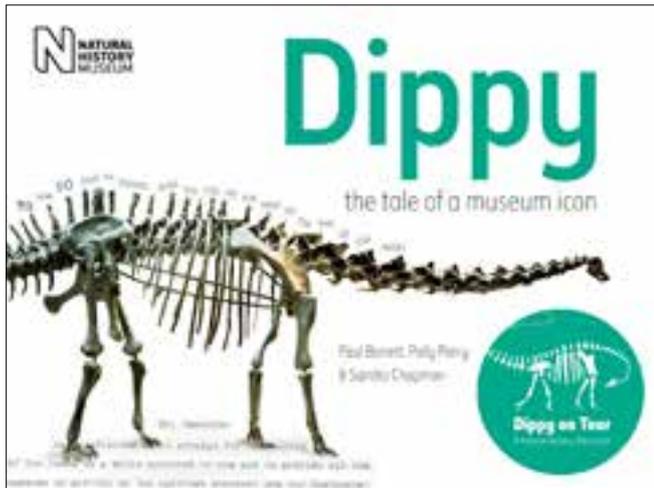

**9780565093297** **Age of the Dinosaur**  
Encounter life on Earth millions of years ago when the planet was a very different place. *Age of the Dinosaur* explains what the world looked like and how it changed, which incredible creatures, plants and animals lived there, who survived to live another day, and how scientists know all this.

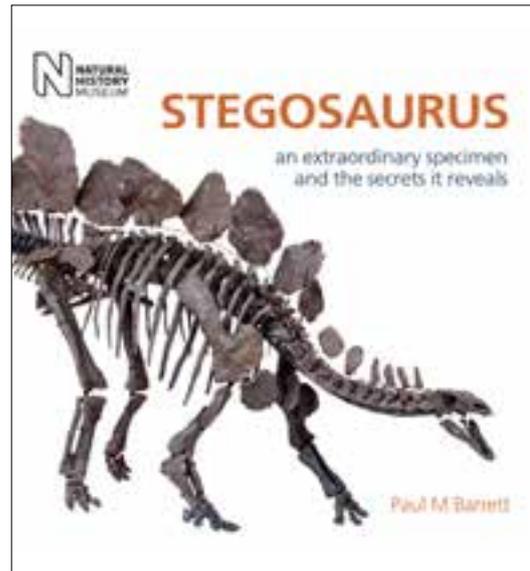

**9780565094768** **Dinosaurs: How they lived and evolved**  
This state-of-the-art guide to dinosaur biology reveals the latest findings about their anatomy, behaviour, evolution, diversity and lifestyle. It is lavishly illustrated with specimens from the Natural History Museum's own collections, along with explanatory diagrams and charts and full-colour artistic reconstructions of dinosaur behaviour.

# Books

**9780565092597 Dippy: The tale of a museum icon**

Meet Dippy, one of the world's most famous dinosaur replicas. With details of key dinosaur fossils finds and the latest research on *Diplodocus* anatomy and behaviour, *Dippy: The tale of a museum icon* is both an engaging story of discovery and a guide to one of the largest animals ever to walk the Earth.

**9780565093884**

**Stegosaurus: An extraordinary specimen and the secrets it reveals**

This is the story of Sophie – the spectacular new dinosaur that dominates the Earth Hall of the Natural History Museum. Measuring nearly 6 metres long, she is the most intact *Stegosaurus* fossil skeleton ever found. This book reveals how her dramatic discovery in the hills of Wyoming, USA has shed new light on this iconic dinosaur species.
